

## North Portland Tool Library

presents a **Free Workshop:**

# **Basic Tool Safety and Use**

**Saturday, June 28<sup>th</sup> at 10:00 am**

**at the Kenton Firehouse**

**(2209 N Schofield - above the tool library)**

### **Please bring/wear:**

- **Safety goggles**
- **Closed-toed shoes (no sandals please!)**
- **Ear protection**
- **Note taking needs**

The emphasis of this workshop will be on the safe operation of power tools and their appropriate uses. Please arrive on time!

### **The Basic Tool Safety and Use Workshop is for people who:**

- Want to learn to use power tools
- Are self-taught and may not know important safety procedures
- Would like to have a refresher on the basics

### **The workshop will cover:**

- Properties of wood
- Basic carpentry math
- The important parts of commonly used power and air tools
- Tool safety and appropriate tool selection
- Opportunity for all to try out several common power and air tools

### **Instructor: Drew Scott**

Drew is the Education Coordinator at the North Portland Tool Library and is experienced in remodeling, carpentry and handyman work as well as design and project planning.

---

**The North Portland Tool Library** is a community resource dedicated to building community and fostering sustainability by providing residents with tools and the power to use them.

We loan a wide variety of tools to community members free of charge. The North Portland Tool Library helps support diverse, livable neighborhoods and fosters community pride. Registration with the Library is free to all residents of North Portland.

---

This is a free workshop for residents in the North Portland area.  
Donations to support NPTL are much appreciated. Thank you!

# Basic Tool Safety and Use Workshop

## Saturday, June 28<sup>th</sup> 10:00 am to 12:30 pm

### Kenton Firehouse (2209 N Schofield- above the tool library)

This is a hands-on workshop culminating in a simple woodworking project (some of which may occur outside) so dress appropriately! Attendees will also need to bring their own: safety glasses, some snacks, and be prepared to get dusty. We plan to cover the use of electric and cordless drills (including drill bits and driver bits), miter saws, tape measures, squares, reciprocating saws and some air tools.

To register, please contact Drew at [toolclasses@gmail.com](mailto:toolclasses@gmail.com), or just come in and sign up.
